RE: Liquor License Application

Issues

Jeff White, representing the Cameron Jaycees, has applied for a Retail Liquor by the Drink, Picnic License. A fly-in and concert are planned at the Cameron Memorial Airport June 6-7-8, 2014. The event is not within the City Limits, but is being held on City owned property. On the advice of City Attorney Elliott, the City has requested a City liquor license be secured. If the license is approved, a bill will need to be presented amending the Code to allow drinking on City property at the airport on June 6-7-8, 2014 for the fly-in/concert. The bill will need three readings for approval as is policy for Code changes.

Mr. White has submitted a complete application for the event. Last year a two day license was granted. This year the request is for a three (3) day license. As always, the City license is only good in conjunction with the proper state liquor control license and the county license.

This application for Limited Picnic Permit Liquor License will be subject to Special Event Guidelines if it is approved by Council.

Recommendation

Review the application and approve the request by way of a voice vote.
