MEMO

To: Mayor and City Council

From: Mark Gaugh, City Manager

Date: October 1, 2012

Re: Manager's Report

Reservoir Levels – We are currently at about 260 days of water supply, as rainfall continues to be below normal each month. At 200 days of supply, we begin enacting our Response Phases for conservation. Water levels are monitored on a regular basis, as well as rainfall amounts.

AMI Demo – Honeywell informed me that the AMI demo trailer is scheduled for the first week of November. We originally planned for October, but they are running a little behind.

Puppies for Parole/Pet Contest – On October 20th, Sue Manion will be holding a Fall Festival in Manion Plaza. The Animal Control officer is planning to participate by holding a pet contest as part of the program to find homes for animals needing adoption. Kathy will be managing the contest, and it will be operated on donations.
