RE: Subdivision Code;
Notification requirements of proposed subdivisions

In the wake of a recently proposed subdivision and the Cities continuing goal to be transparent in our actions, Planning and Zoning commissioners propose that public notice be given for any new subdivision.

The Commissioners drafted an ordinance revising Chapter 10 of our Subdivision Code, adding notification requirements.

"Notification of proposed subdivisions will be on Planning and Zoning Agenda, posted on the City web page under Planning and Zoning Agenda's and Planning and Zoning Packets. The Zoning Officer shall place a sign, not less than three (3) square feet per face, upon the front yard, or as close as practical thereto, of the subject property. Said sign shall contain the message "Zoning Action Pending"; shall show the telephone number of City offices; and shall be placed not less than ten (10) days prior to the Planning and Zoning meeting. The sign shall remain on the property until such time the proposed subdivision is accepted or rejected. Unauthorized removal, damage, or vandalism to said sign shall not invalidate the notification provision of this article."

There will be no cost or fees for the notification to the developer, property owner (s) or builders.

Notification of "Public Hearing" for the proposed change was published in the Cameron Citizen Observer on Thursday, February 20, 2014.

The "Public Hearing" was held by Planning and Zoning on Monday, March 10, 2014.

There was no public opposition to the proposed change.

Planning & Zoning as well as staff recommend the change.
