MEMO

To: Mayor and City Council

From: Mark Gaugh, City Manager

Date: January 15, 2013

Re: Manager's Report

MoDOT Grants – The City has been approved to receive two grants from the Missouri Department of Transportation. Discussions with MoDOT for the provision of a pedestrian crossing on Walnut/Hwy. 69 over Highway 36, along with an extended sidewalk to meet the pedestrian crossing there resulted in two grant applications. We received the results from the applications on January 8, 2013. The grant for the pedestrian crossing is for $240,000, and the grant for the sidewalk is $240,000, totaling $480,000 for the two projects.

Great Northwest Water Commission – The GNWWC will meet on Thursday, January 10th. I will provide an update from the meeting, if applicable.
