Re: Bill – Dangerous Dog Language

At the March 7th City Council meeting a bill was considered at first reading which would outline provisions for staff to identify dangerous dogs. Upon advice from the City Attorney, the language proposed for Section 5-101 should technically be located in Section 5-91 which already defines "Vicious dogs" . Staff will take this revision back to Planning and Zoning on April 11th to consider including the proposed language in a single definition in 5-91 under the provisions for "vicious dog". Currently the State statute does include "vicious dog" language.
