RE: HDR Professional Services Agreement

Purpose

Due to business development, the City of Cameron needs to expand our water and wastewater infrastructure. We are currently looking at three (3) expansion projects. The projects include water and wastewater extensions to the industrial park and a wastewater extension to Bob F. Griffin Road. State law requires these extensions be engineered by a certified engineer. The City has an existing contract with HDR to provide these services. These projects would be completed under Task Order #8 at an estimated cost for engineering services of $147,010. The total cost of construction for all three projects is estimated at $897,000

Recommendation

Staff recommends the following ordinance be passed and approved authorizing the City Manager to enter into a Professional Service Agreement with HDR to provide design services for necessary water main extensions and sewer collection extensions.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, CLINTON, DeKALB, AND CALDWELL COUNTIES, MISSOURI AS FOLLOWS:
