RE: Liquor License Applications

Issues

The Aiden McVicker Foundation and the Cameron Chamber of Commerce are sponsoring a fundraiser, Crossroads Crush, September 17, 2016 in the public right of way surrounding McCorkle Park. An ordinance is in place allowing the consumption of alcohol for this event at this location. Grindstone Valley Winery, Of the Earth Farm Distillery LLC, Ninja Moose Brewing LLC and Tipple Hill Winery Vineyard have applied for a Caterer Permits for the event. As always, the City license is only good in conjunction with the proper state liquor control license which they have already provided.

Recommendation

Staff has determined that Grindstone Valley Winery, Of the Earth Farm Distillery LLC and Tipple Hill Winery Vineyard applications meet all City requirements and recommends approval.
