RE: Liquor License Applications

Issues

The Aiden McVicker Foundation and the Cameron Chamber of Commerce are sponsoring a fundraiser, Crossroads Crush, September 17, 2016 in the public right of way surrounding McCorkle Park. An ordinance is in place allowing the consumption of alcohol for this event at this location. Windy Wine Company, Fence Stile Vineyards Winery and Riverwood Winery have applied for a Caterer Permits for the event. As always, the City license is only good in conjunction with the proper state liquor control license which they have already provided.

Recommendation

Staff has determined that Windy Wine Company, Fence Stile Vineyards Winery and Riverwood Winery applications meet all City requirements and recommends approval.
