RE: Liquor License Application

Issues

The Elks Club is sponsoring a fundraiser rodeo June 4th - 5th and 6th at the Community Fair Building in conjunction with the Cameron Regional YMCA. The Elks Club has submitted an application for a Picnic Liquor License for this event. The Police Department has completed their usual review of the application and has no objections to the license being issued. As always, the City license is only good in conjunction with the proper state liquor control license and the county license.

This application for Limited Picnic Permit Liquor License will be subject to the recently passed Special Event Guidelines if it is approve by Council.

Recommendation

Review the application and approve the request by way of a voice vote.
