RE: Land Space Lease for Welcome Marker

Issues

The City of Cameron has two "Welcome" signs located on Highway 36. The sign located on the west side is on land controlled by the Missouri Department of Transportation. A lease agreement was created in order for the City to use the land. The agreement is renewed on a five-year interval basis and it is time to renew for another five years. The City has a considerable investment in the sign, it is well maintained and positioned for high visibility. They are composed of thick concrete panels, which are painted green with gold lettering for the "Welcome to Cameron" portion. The markers were built to last for a very long time and the location has worked out very well for the City.

Recommendation

Staff recommends that the Council approve the agreement with MoDOT for the continuation of the marker.
