RE: Liquor License Applications

Issues

The Aiden McVicker Foundation and the Cameron Chamber of Commerce are sponsoring a fundraiser, Crossroads Crush, October 7, 2017 in the public right of way surrounding McCorkle Park. An ordinance is in place allowing the consumption of alcohol for this event at this location. Grindstone Valley Winery, Terre Beau Vineyards LLC, Of the Earth Distillery, Levi Garrison & Sons Brewing Company and Riverwood Winery have applied for a Caterer Permits for the event. As always, the City license is only good in conjunction with the proper state liquor control license which they have already provided.

Recommendation

Staff has determined that Grindstone Valley Winery, Terre Beau Vineyards, LLC, Of the Earth Distillery, Levi Garrison & Sons Brewing Company and Riverwood Winery applications meet all City requirements and recommends approval. Council can review and approve the applications either as a whole or individually for renewal with a motion and voice vote.
