RE: Zone Change Request from (A-1) Agricultural to (R-3) Multi-Family Residential District a total of 4.53 acres and a zone change request from (A-1) Agricultural to (R-1) Single Family District a total of 21 acres

Issues

A request has been made by Robert Earley to rezone property located at Evergreen Street east of South Walnut. The subject property was presented to the Planning and Zoning Commission on November 13, 2017 regarding subdividing for future development. The general area is approximately 25 acres in size, which was subdivided and approved.

The future development would create senior and single family housing units for potential residents for Cameron, Missouri. The development will satisfy the need for additional single family housing and create modern living accommodations for senior citizens.

Recommendation

Staff has no opposition to the development which will be consistent with the future goals and plans of establishing new housing for potential residents. The proposal was presented before the Planning and Zoning Commission Board on August 7, 2017. The Commission voted unanimously in favor of the senior and single family housing units to be developed. The annexation proposal was presented before City Council on August 21, 2017. City Council voted to proceed with the annexation.
