To: Mayor and City Council

From: Mark Gaugh, City Manager

Date: August 4, 2014

Re: Manager's Report

City Demolition Grant

1. 216 S. Locust, house has been removed, sewer is being capped today (Tuesday, July 29, 2014) and black dirt is on site for final grading – Project should be complete first week of August. Project cost $5,480.00.
2. 609 W. 3rd., Asbestos is being removed today (Tuesday, July 29, 2014), demolition of the house should start tomorrow (city to provide fill dirt), anticipate completion of project first week of August. Project cost $6,480.00.

Demolition budget has $8,000.00 remaining for another project but the end of the budget year is fast approaching, we may not have time for another project.

CDBG Grant award notification has been pushed back from the July date to sometime in August/September?

Airport Closure for Construction – Beginning August 18th, for 21 calendar days, the airport will be closed due to runway/taxiway inaccessibility. The project may get done early, however, where the 21 days are not necessary.

Playground Equipment – The new equipment is scheduled for delivery the week of August 18.
