Re: Manager's Report

City Demolition Grant-Now that the two houses have been removed, we are working on a third house if the estimate is within our remaining fund balance. We still have not received word on the CDBG demolition grant.

Great Northwest Wholesale Water Commission (GNWWC)- The GNWWC is scheduled to meet on Thursday, August 14. Council Member Jack is planning to attend as the Council representative. One of us will update the Council if there is anything timely to report.

KCADC – Some of the staff submitted really good photos of Cameron events, landmarks, etc. for use by KCADC on their web site. I may still receive photos from others, and if I do, I will forward them on to KCADC.

Playground Equipment – The new equipment is scheduled for delivery the week of this Council meeting.

Water Plant Generator Project – We are planning to bid the project to provide a full-power generator for the water treatment plant. If bids are acceptable, we will do the work after the new fiscal year begins.
