DATE: August 18, 2014

RE: **Solid Waste Contract Extension**

The current Residential Solid Waste Collection Contract, with R & W Container commenced October 1, 2012 and expires September 30, 2014. The original contract contains a provision for an additional two terms, each two years in length. The contract states, "At the option of the City, the contract may be extended for a second term and, at the option of the City for a third term, at the negotiated price or prices submitted by Contractor for such second and third terms"

Current contract rates are $8.93 per month for each residential dwelling unit and $30.00 per ton for the monthly collection and disposal of large bulky rubbish. R & W has submitted a $0.07 increase for a total price of $9.00 per residential dwelling unit, and a $10.00 increase for a total price of $40.00 per ton on the monthly collection and disposal of large bulky rubbish.

All other aspects of the contract will remain the same including weekly collection of unlimited solid waste containers for residential dwelling units, weekly collection of city facilities, weekly collection of seasonal park facilities, and a monthly curbside collection of large bulky rubbish. The contract also includes a provision that residents have the option to contract individually with the contractor to provide a seasonal weekly curbside collection of yard waste, as well as a permanent year round yard waste drop-off site for residents.

Staff recommends approval of the first extension of the contract with R & W Container with the submitted price increase of $0.07 per residential dwelling unit and $10.00 per ton on the large bulky item collection.
