RE: **Permanent Utility Easements – Walnut Street**

PURPOSE

The attached bill authorizes the Mayor to accept three different permanent utility easements for storm water improvements along South Walnut Street.

BACKGROUND

The City of Cameron recently completed the Walnut Storm Water Improvement Project. Part of this project included the addition of storm water infrastructure and the relocation of other utilities to allow for the storm water installation. Our engineers, Olsson and Associates identified and described the amount of additional property required to be dedicated as permanent utility easements and we have now obtained signatures from all of the property owners.

RECOMMENDATION

Recommend the Council adopt the attached bill authorizing the Mayor to accept the permanent easements along Walnut Street.
