Agenda Item

TO: Mayor and City Council

FROM: Zachary Johnson, Director of Utilities

DATE: April 6, 2015

RE: Sunrise Lake Fence

Purpose

The City of Cameron is working to establish a fence around the perimeter of all land owned by the City at the City's reservoirs. This year we have identified a section of fence to be constructed on the south side of Sunrise Lake. The project will include the clearing of an 8' path to allow for fence construction and future maintenance of the fence, and the construction of a 47" woven wire fence with a single smooth wire on top. The total linear feet of the project is estimated at 2,300 feet. The area has been surveyed and boundary markers have been established.

Discussion

The bid was advertised and sealed bids were opened March 30, 2015. C.P. Excavating LLC submitted a bid of $28,932 and was the only bidder on this project. Staff estimated the cost of this project to be $30,000 and budgeted accordingly in the 2015 Budget.

Recommendation

Staff recommends the Council approve C.P. Excavating LLC to construct the fence at the bid price of $28,932. Funds for this project were taken into consideration when establishing the 2015 Budget.
