RE: Sunrise Lake Fence Project

Issues

The City recently advertised for bids to construct approximately 2,300 ft. of woven wire fence along the south boundary of property owned by the City at Sunrise Lake. The advertisement also called for the clearing of an 8 ft path to allow for fence construction and future maintenance of the fence. It is a goal of the Utility Department and the City of Cameron to establish and maintain an adequate fence around all property owned by the City at or around the City reservoirs.

The lowest bid for the project was submitted by CP Excavating LLC, located in Cameron at a bid price of $28,932.

This ordinance will authorize the City Manager to sign the Agreement for Services with CP Excavating LLC.

Recommendation

Staff recommends that Council pass the ordinance in one reading in order to take advantage of favorable weather conditions and insure the project is completed in a timely manner. Funds were budgeted for this project in line 08-20-215-00.
