RESOLUTION 2015-25

Agenda Item

TO: Mayor and City Council
FROM: Zachary Johnson, Director of Utilities
DATE: October 19, 2015
RE: Water Plant Chemical Building Repairs

Purpose

The City of Cameron is constantly looking at maintenance and preventative maintenance items or concerns. The Chemical building at the water treatment plant has begun to show signs of water damage. Mortar joints throughout the brickscape need to be repaired as well as resealing the entire exterior. City Staff feels it is important to address this issue before additional water damage is done.

Discussion

The bid was advertised and sealed bids were opened October 9, 2015. MTS Contracting Inc. submitted a bid of $19,900 and was the lowest of three bidders on this project. Staff estimated the cost of this project to be $30,000 and budgeted accordingly in the 2016 Budget.

Recommendation

Staff recommends the Council approve MTS Contracting Inc. to complete the masonry repairs to the chemical building at the bid price of $19,900. Funds for this project were taken into consideration when establishing the 2016 Budget.
