Re: Start Smart Grant Application and Resolution

The City of Cameron is partnering with CAP of Greater St. Joseph to pursue Community Development Block Grant Funding through the Start Smart program. This is a competitive grant which, if awarded, will provide up to one million dollars in funding for either construction of a new facility, or remodel of an existing building to be used for early childhood education and development. For a number of years, the City has been without the Head Start program, and this has left a potential void in options for early childhood education for lower income households.

The Start Smart program will help in closing this gap, as well as provide a much needed service. There are no matching cash funds required from the City. Staff is also assisting the Community Action Partnership in locating a suitable site for the facility. Estimated cost of the project is approximately $34,000 cash value from CAP plus $8,000 in-kind contributions from the City. The attached Resolution will authorize the grant application to be submitted with the Community Action Partnership as co-applicant. There are a number of items in the application that require the Mayor's signature prior to submittal to the Department of Economic Development. The application deadline is May 13th.
