RESOLUTION 2017-6
AGENDA ITEM

TO: Mayor and City Council

FROM: Drew Bontrager, Public Works Director

SUBJECT: Purchase Crack Seal Machine

DATE: March 6, 2017

PURPOSE
The attached resolution authorizes the City Manager to award a bid for a crack seal machine, through the Missouri Department of Transportation Cooperative State Bid, and enter into an agreement with Paving Maintenance Supply for the purchase of a new Crafco Super Shot 125D crack seal machine.

BID PROCEDURE
Resolution 2004-16 petitioned the Missouri Department of Transportation for acceptance of membership into the Cooperative Procurement Program under Missouri State Statutes Chapter 67.360, RSMo, which authorizes political subdivisions to participate in a joint purchasing program with the State of Missouri.

Paving Maintenance Supply was awarded the Missouri Department of Transportation Bid #3-160706RW Melter Applicator and Pavement Cutters. This bid is available as a Cooperative purchase through June 30, 2017.

DISCUSSION & FINANCING
After extensive research, we have concluded the Crafco Super Shot 125D is the best fit for our work requirements. The Street Department was able to demo a total of three additional machines. In addition to the Crafco Super Shot 125D to being the best fit, having the closest parts and maintenance is also the lowest cost of all the different companies.

The Super Shot 125D with the 50 CFM air compressor is a totaled delivered price of $50,498.90. This price is higher than budgeted due to the new EPA Tier 4 requirements and the addition of an on-board air compressor unit. Funding for this purchase is included in the Street Department Capital Projects. Delivery of the unit is scheduled for 60 days from the date of Council approval.

RECOMMENDATION
We recommend that the Council adopt the attached resolution authorizing the City Manager to purchase the Crafco Super Shot 125D crack seal machine through the State of Missouri Cooperative Program from Paving Maintenance Supply.

Resolution 2017-6
