RE: Zoning Changes for two city owned properties for commercial usage

Please find the two attached ordinances for your consideration. The City of Cameron previously under Ordinance #5968 annexed a total of 380 acres into the city limits for potential development. The City of Cameron also purchased property that totals 38.88 acres, located within the city limits under Ordinance #5895. The intentions of the two purchases are to fully develop both respective properties.

A public hearing before the Planning and Zoning Commission was conducted on Monday, July 10, 2017. The purpose of the hearing meeting was to consider the rezoning classification to develop the two properties owned by the city. Discussion included answering questions from the commission and the public on any concerns regarding the rezoning classification.

The properties are identified as County Parcel ID# 00010070002500000000001000 the 380 acres portion. This property is located at the northwest corner of Tri-County Line Road intersection Hwy BB, with a separate portion on Tri-County Road intercepting at Hwy BB. County Parcel ID# 424216611300000001300 at 38.88 acres of land is located on Bob Griffin Road between Hwy 36 and East Grand Avenue on the east side of the road. City Staff and the Planning and Zoning Commission fully support the rezoning classification. Rezoning the properties would allow opportunities to recruit potential business startups and future homes for well established companies.
