Re: Manager's Report

Dispatching Services –Rick Bashor recently reported that DeKalb County is no longer interested in pursuing the combined dispatch. I think one of the sticking points was the amount of dispatchers needed, but Rick wants to make sure we can staff appropriately to do all the needed functions. If something changes, we will update Council.

Sale of Vacant Lots – We are working on a way to sell two City-owned lots where we can require that homes are built on the lots within a reasonable amount of time. I know we have some interest from two prospective builders so far. When we go a public notice, we will mail directly to those interested, if they request it.

Demolitions – Our original house demolition list has been completed, and some of houses we have subsequently added have already been removed. We will try to do a couple more, as well.

Economic Development Report by Rumery & Associates – Report is given at the Council meeting, usually on a monthly basis.
