RESOLUTION 2018-9

AGENDA ITEM

TO: Mayor and City Council

FROM: Drew Bontrager, Public Works Director

SUBJECT: Digital Orthoimagery – GIS

DATE: March 5, 2018

PURPOSE
The attached resolution would authorize the City Manager to enter into a contract with Surdex Corporation for new Digital Ortho Imagery.

BID PROCEDURE
Resolution 2004-16 petitioned the Missouri Department of Transportation for acceptance of membership into the Cooperative Procurement Program under Missouri State Statutes Chapter 67.360, RSMo, which authorizes political subdivisions to participate in a joint purchasing program with the State of Missouri.

Surdex Corporation was awarded the State of Missouri's bid for Photogrammetric Mapping Products and Services. Additionally, the last time we bid this service we received a total of five bids, and Surdex Corporation was the lowest and best bid.

DISCUSSION & FINANCING
The price of the imagery is $18,100.00. Funding for this project was approved at $20,000 in this fiscal year's budget. Delivery is scheduled within 60 days from the date of the Council approval and contract agreement execution.

GIS has been an integral part of the City's mapping, inventory and operations for many years. There has been a considerable amount of development and change, since our last imagery in 2011. This imagery will be available to anyone with internet access, as it will be on the City of Cameron website. We also share this data with any of our interested counties.

RECOMMENDATION
We recommend that the Council adopt the attached resolution authorizing the City Manager to enter into the contract with Surdex Corporation for new digital orthoimagery.

Resolution 2018-9
