CITY MANAGER'S REPORT

To: Mayor and City Council

From: Zachary Johnson, Interim City Manager

Date: August 20, 2018

Re: Manager's Report

US 36 and Bob Griffin Road CID – Work continues on the establishment of the CID at Bob F Griffin Rd and US 36. We have obtained the necessary signatures for the petition and will be scheduling a meeting with interested parties in the near future.

Animal Pound – Staff has been in contact with General Steel regarding the proposed building. We have secured a quote for the 40 x 80 structure at $42,300. The estimated delivery schedule is 6-8 weeks. Staff is working on an ordinance to accept the General Steel Contract. Staff is also looking at finance options, and I hope to have more information to present at the meeting.

Solid Waste – Staff is continuing to work on finalizing the Solid Waste contract. There will need to be a Solid Waste Committee meeting prior to our first meeting in September.

Missouri Community Betterment – The City of Cameron submitted 5 projects for the MCB 2018 Awards Program. The projects include: Ruck between Rivers, Meals on Wheels, DRGN, Boo Fest, and repurposing plastic bags. The presentation ceremony for this year's projects will be at City Hall on September 10th.

Next Meeting – Our next meeting falls on Labor Day. We do have several items that will require us to have two meetings in September. We will need to set a date for the first meeting.
