RE: Contractual Agreement with the City of Cameron and General Steel

Issues

On August 6, 2018, City Council passed Resolution 2018-30 to proceed with the purchase of a 40 by 80 foot structure to serve as the new animal shelter. The City of Cameron must now enter into a contract agreement with General Steel for the purchase of the Structure. As part of the process, the city has secured the building with a deposit to begin the pre-development stages. In addition to securing the building, the City of Cameron and General Steel must enter into a contractual agreement to complete the design and delivery of the structure.

Recommendation

City staff recommends that the City enter into a contract agreement with General Steel. Entering into an agreement allows the City to continue to work with River Bluff Architects and General Steel towards the delivery and completion of the new animal shelter.
