RE: Electric Department Equipment Purchase

Purpose

The Electric Department has been planning the purchase of a new large bucket truck for several years now. Our existing truck has reached the end of its useful life and is questionable to pass dielectric testing. This year, we have budgeted money to purchase a new bucket truck. We have worked with the National Joint Powers Alliance (NJPA) to evaluate the lowest and best bids for this equipment. The Altec AM55 was selected and equipped with the necessary options at a price of $197,678. This unit will serve several purposes and be a valued addition to the City. Staff is currently evaluating options for our old large bucket truck.

Recommendation

Staff recommends the Council approve Altec's bid for an AM55 Overcenter Aerial Device for the bid price of $197,678. Funds for this purchase were taken into consideration when establishing the FY19 Budget.
