RE: **State Block Grant Agreement18-013A-1 Hangar Renovation Amendment No.1**

This is an agreement with the Missouri Highways and Transportation Commission for acceptance of the grant monies through the State Block Grant Program, associated with the Hangar Renovation project and will cover 90% of the construction costs associated with this project.

BACKGROUND & FUNDING

We originally entered an agreement with the Missouri Highways and Transportation Commission on August 20, 2018. Under the agreement, the Commission granted the sum $86,994.00 to assist with engineering design for the Hangar Renovation Project.

Since we issued the Notice of Award last month we know the cost of construction and need to enter into the amendment agreement for additional grant funds. The Commission has sufficient funds to increase the grant amount for construction and will grant an additional sum not to exceed Two Hundred Ninety-Seven Thousand Seven Hundred Twenty-Seven Dollars, ($297,727). Subsequently, our match is Thirty-Three Thousand Eighty-One Dollars ($33,081) and is right on track with our budgeted estimates for this project.

Additionally, this Agreement revises the project schedule. The original project time period of November 30, 2019 will be extended to September 30, 2020, to allow for completion and final close-out of the project.

RECOMMENDATION

We recommend execution of the State Block Agreement with the Missouri Highways and Transportation Commission to accept the grant funds.
