RE: Liquor License – Washington Street Food & Drink

Issues

Geib Restaurant Partnership d/b/a Washington Street Food and Drink Company has submitted an application and all necessary documents for 5BDW-5% by the Drink Beer/Wine liquor license (**not** to include Sunday). The Partnership has already obtained their State of Missouri liquor license and approval from the City Council is the final step for them to again be able to serve beer and wine at their restaurant.

Recommendation

The Police Chief, Fire Chief and Building Inspector were consulted and they have no concerns with issuing the permit. Staff recommends approval.
