WHEREAS, the City of Cameron owns and operates a wastewater collection and treatment system as a stand-alone non-profit municipal enterprise to serve the citizens of Cameron, and

WHEREAS, the City of Cameron City Council has elected to make necessary treatment plant and sanitary sewer system improvements over the next several years to reduce infiltration and inflow, and

WHEREAS, a rate study by HDR Engineers determined that current sewer revenue is not sufficient to fund such improvements.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, CLINTON AND DeKALB COUNTIES, MISSOURI AS FOLLOWS:

Section 1. Repeal the existing subsection (b) of Sec. 12-289, Rates, and replace it with a new subsection (b), *Monthly rates*, setting new sewer use rates.

(b) *Monthly rates.*

- (1) For residential contributors, monthly user charges for the collection and treatment of sewage will be based on monthly water usage. The minimum charge per month for the collection and treatment of sewerage shall be eleven dollars eighty-two cents (\$11.82) for the first one thousand five hundred (1500) gallons for residential and non-residential contributors. In addition, each contributor shall pay a user charge rate of four dollars fourteen cents (\$4.14) per one thousand (1000) gallons of water (or wastewater) above the minimum as determined in the preceding section.
- (2) For industrial and commercial contributors, user charges for the collection and treatment of sewerage shall be based on water used during the current month. If a commercial or industrial contributor has a consumptive user of water, or in some other manner uses water which is not returned to the wastewater collection system, the user charge for that contributor may be based on a wastewater meter or separate water meters installed and maintained at the contributor's expense and in a manner acceptable to the City.
