CITY MANAGER'S REPORT

1. Rural Water Authority Billing. The Rural Water District is billing customers on Woodridge Lane, outside the City limits, that are on City water. The City is buying the customers from the District and the fees being collected by the District are applied to the debt service. City Manager Watson said there are customers living on Packard Lane which is outside the City limits that are not being billed the normal double rate for service per an agreement in place from the beginning of service. A meeting will be held with the Rural Water District to determine the amount City of Cameron is obligated to purchase the customers from the Rural Water District. City Manager Watson recommends annexation when City services are provided outside the City limits. An annexation policy will be discussed in January. The line being purchased by the City is undersized and consideration will be given to the size and cost of replacing the line as well as the cost to purchase the line. Customers on the line being purchased will be invited to attend meetings.

2. The Winter Safety Banquet was held December 11, 2010. The annual Jay Riley Award was presented to Finance Specialist Carmen Weigand. The award recognizes attitude, dependability and initiative among City staff in the spirit of former City utility worker Jay Riley who exemplified these positive character traits. Carmen Weigand was nominated by fellow employees for her dedication to public service. She has worked hard to provide quality accounting with a focus on customer service.
3. Moving January 17th Council Meeting. City Manager Watson noted the second Council Session in January falls on Martin Luther King, Jr. Day which is observed as a holiday by the City. City Manager Watson requested the meeting be rescheduled to Tuesday, January 18, 2011. This will also coincide with the closing date for filing for City Council and allow the election to be certified to Clinton and DeKalb Counties without having to hold a special session. Councilmember Buck moved to reschedule the January 17, 2011 to January 18, 2011. Councilmember Fry seconded the motion which passed with a unanimous voice vote. Absent: Councilmember Carr.

Bills will be presented to Council at the January 3, 2011 Council Session which will approve the definition of field crops and allow self-service storage facilities in C-2 Commercial Districts. The Commission has decided to make no recommendation regarding the current two (2) year sidewalk regulation stating if a lot is purchased from a developer the purchaser is required to construct a sidewalk within two (2) years. Discussion was held on having field crops listed as conditional use permit which would require review of storm runoff regulations.
2. Legislative Recap. A meeting was held with several Northwest Missouri legislators. Priorities for the legislators have changed with job creation being the number one (1) priority followed by reduced government spending and then education.
3. Tourism Commission. The Commission will hold a half day training session in January 2011.
