Our Mission Statement is:

To enhance life by protecting and serving the citizens, preventing crime and enforcing the law with equity.

Our Vision is:

To ensure a safe and secure community.

"Developed in 2006 by the police department and our citizens"

Our Core Values are:

Fair, but firm: We expect our employees to be fair in all their dealings with citizens and visitors. However, we must be firm when enforcing the laws of the United States, State of Missouri, and the City of Cameron.

Integrity: We expect our employees to have the utmost integrity and never take advantage of their position, citizens, or visitors. In doing so, they will never disgrace the badge or their oath.

Leadership: We expect all of our employees to show leadership, not only within the department, but also in the community with their involvement in community activities.

Dedication: We expect our employees to be dedicated to public service, dedicated to their duty and most importantly dedicated to the safety and protection of our citizens and visitors.

Enthusiasm: We expect our employees to show enthusiasm in the performance of their duties, their interactions with the public, and their service to the community.

Annual Report Team

Chief Corey Sloan
Sergeant Rick Bashor
SRO Chris Proctor
K9 Officer Erin Chubick
Comm. Supervisor Cathy Poindexter
Administrative Assistant Shellie Blades

The Cameron Police Department compiles statistics each year to determine crime trends and problem areas within our community.

In 2012, the City of Cameron Police Department continued to have five major calls for service categories that impact our citizens lives daily. These calls for service are drug trafficking/narcotics usage, domestic violence, burglaries/stealing, property damage/vandalism, and motor vehicle crashes involving personal injury/property damage. These calls for service continue to be the areas of major focus for the police department's daily activities.

The Police Department is very proactive in our efforts to reduce crime in Cameron and its impact on citizens. This can only be done with teamwork developed between the citizens, visitors to our community, and other area emergency service agencies.

The police department is currently comprised of 16 full time officers, 7 full-time dispatchers, and 1 part-time dispatcher. Those officers and dispatchers work rotating shifts to ensure there is police coverage for the community 24 hours a day, seven days a week.

The department is divided into four basic divisions, Communications, Patrol, Investigations, and Administration. The patrol division is comprised of 12 officers who are responsible for patrolling our community, handling calls for service, traffic duties, and conducting misdemeanor investigations. The investigations division is comprised of 2 detectives and a School Resource Officer. The investigations division is responsible for conducting investigations of crimes. The communications division is comprised of 6 dispatchers and 1 dispatch supervisor. The communications division is responsible for taking calls for service, providing pre-arrival assistance to the caller, and relaying that information to officers in the field as well as other emergency service personnel. The administration division is comprised of the Police Chief and Administrative Assistant who are responsible for the day-to-day operations of the police department.

Annual Report Team

A Note From the Chief

Welcome to the 2012 annual police department and emergency management report. Our mission is to enhance life by protecting and serving the citizens, preventing crime and enforcing the law with equity. Our successes depend on the partnerships developed within our community and with our area emergency service partners. We are honored and humbled by the awesome responsibility our community has bestowed upon us. We strive each day to fulfill our vision of ensuring a safe and secure community.

We had many accomplishments, as well as challenges in 2012. At any given time in 2012, we were short anywhere between two to four officers. Currently, we are still short one full time employee and have one officer in field training. Our staff continued to fulfill our mission and provide the services our community expects and deserves.

Keeping qualified personnel is becoming more difficult as many officers are moving on to higher paying and less stressful jobs in the private sector and/or larger police departments. Due to the professionalism, dedication and service of our staff we were able to work through the staff shortages and only had to cut minimal services. Under the current patrol staffing levels, we are able to keep a minimum of two officers on each shift with up to three officers during the busy call for service times. We are hopeful we will be able to replace the position vacated in 2011, with Captain White's retirement, in the very near future as our economic times continue to improve.

The call for service numbers for 2012 were 21,022 (daily average of 57.59 calls per day) answered with 1,354 incident reports (daily average of four reports) taken a day. An average report will tie up an officer for a minimum of 1 ½ hours and sometimes will take over 3 hours to complete. This takes away from the unobligated time the officer has to meet with citizens, conduct traffic enforcement or any other non-obligated items.

Our officers handled numerous serious calls for service including, a shooting incident on N. Cedar Street, multiple theft rings and we continued to bridge the gap between local police agencies and county sheriff's departments by assisting when needed, including a child death investigation in Holt. In most instances, arrests and charges were filed within 24 hours.

One of the major challenges we faced was the continuing struggle to maintain our patrol fleet vehicles. Due to recordkeeping, we found we would be paying more to fix the patrol car is-

sues than what the cars were worth. The department researched and developed a plan for the replacement of our aging and maintenance plagued fleet vehicles. We were able to obtain a lease-trade agreement that allowed the city to purchase six (6) Dodge Chargers which will replace the aging and maintenance plagued Ford Crown Victoria's. The department went to the traditional black and white police paint scheme and an updated, reflective graphics package. In addition, we were successful in obtaining a 100% grant for Mobile Data Terminals (MDT's) for the new patrol units. This will add mobile connectivity for our officers on patrol with the Computer Aided Dispatch software, the Records Management System and the Missouri Uniform Law Enforcement System (MULES), which will allow access to driver license information, vehicle registration as well as want and warrant entries.

Radio communications were also greatly enhanced. These enhancements included the painting of the emergency services radio communications tower just east of the public safety building which will extend the life of the structure. We also gained access to the Missouri Statewide Interoperability Network (MOSWIN) which allows statewide radio communication with public and private sector partners daily. A major highlight is having Communications Officer Stan Hendrix as the MOSWIN liaison for our region. This represents the quality of staff we have and their dedication to our community and region. This was completed at no cost to the City of Cameron.

In 2012, we successfully upgraded the back-up power system to the public safety building. The old generator was a 20kW generator and only powered specific areas of the building and did not include the heating or air conditioning units in the facility. The new generator is able to handle the entire load of the building, which makes for a safer and more efficient environment for our staff to work in.

The City's Emergency Operations Plan (EOP) was completely revised in 2012. This advanced emergency management training and partnerships within the region. This revision allowed for us to enhance and/or develop relationships with public and private sector partners. In addition, multiple enhancements (policies and resources) were made to the capabilities of the emergency management agency to respond to large scale emergencies and disasters locally or within the region. In addition, we continued our commitment to the community for being *StormReady*® with the extension of our designation to 2015.

Cameron Emergency Services increased our presence on social media. The current number of followers we have on Facebook social media is 3,018. We have an average weekly reach between 11,000 and 14,000 people with public safety and emergency management information. The highest weekly reach has been 77,000+. Reach is defined as the number of people who have seen your individual posts. In 2013, we will expand our presence on social media to more interaction on Twitter and a YouTube presence with crime safety and preparedness tips.

Some of our other accomplishments include:

- ⇒ Obtained multiple grants to provide Cameron Emergency Services with additional resources to fulfill their law enforcement and emergency management missions. These grants were funded at 100% by federal government agencies;
- ⇒ Participated in the Missouri Region H Outdoor Storm Warning Siren working group to bring a standardized protocol to all 15 counties in northwest Missouri for the activation of their outdoor storm warning sirens as well as enhanced public education;
- ⇒ Introduced an ordinance that would prohibit protesters from being within 300 feet of a service one hour before, during or one hour after service or burial;
- ⇒ Obtained the ability locally to have instructors in the NIMS/ICS command;
- ⇒ The communications center has an instructor certified through APCO who will be able to teach communications courses, for CEU's, at lowered cost and/or free for Cameron Communications Officers, as well as those in the ACCD 911 district;
- ⇒ Worked many community events to make sure it was safe and fun for people of all ages;
- ⇒ The K-9 program received a ballistic and shank resistant protective vest from donations made to Cameron crime stoppers;
- ⇒ Emergency Management addressed emergency power at the sewer plant, water treatment plant in an executive summary to council;
- ⇒ Successfully stood up a multi-area coordination center (MACC) in the training room at the public safety building for the region for a state level exercise in October. Our MACC was a model of other regions in the state to emulate in similar exercise situations;
- ⇒ Began working with Region's A and D to form an incident support team (IST). This team would be made up of professional, discipline specific, responders who would come to our community after a disaster and assist and/or take over the incident for a 12-hour operational period. We hope to see this operational in the next 18 months.
- ⇒ Resolved issues and partnered with the United Way of Kansas City to provide the 2-1-1 service to our area as resource and support for citizens at any time, especially during and after a disaster;
- ⇒ Began an exploratory committee with MO-KAN on a traffic incident management plan for

Region H. This plan will involve the Transportation Advisory Councils (TAC) from across NW Missouri. The goal of this group is to mirror, although on a much smaller scale, the KC Scout Program. The Scout program shows the direct need for public-private partnerships in emergency incidents.

Your police department did a remarkable job in 2012 with staff shortages and a high call for service volume. This could not have happened without the dedication and professionalism of the sworn and civilian staff.

Cameron is our home and we want to make it the safest place we can so we can raise our families. We hope you have enjoyed our annual review of the activities of your police department in 2012. We have an open door policy and if you would like to know more, we encourage you to stop by the department at 101 N. Chestnut Street, Cameron, MO, or give us a call at 816-632-6521. You can also follow us on Facebook at www.facebook.com/CameronPolice or on Twitter @cameronmopolice. We look forward to visiting with you and talking about the services we provide to our community.

Warmest regards,

L. Corey Sloan

****Miscellaneous reports** which were tallied and reported here in previous years included; towed/abandoned vehicles, assisting other agencies, death investigations, suicides, minors in possession of alcohol, forgery, identity theft, and domestic intimidation. Unfortunately, this category did not include many of the reports that are taken on a regular basis. Beginning in 2012, we will include the counts on most of the Patrol's common calls for service that generate reports. The categories listed with an asterisk* often times do not generate an actual report so the actual call for service in this category are greater than the reports generated.

2012 K9 Statistics

Officer Chubick and K-9 Ex are the current canine team for the Cameron Police Department. Officer Chubick and K-9 Ex have been working as a team for approximately three years. K-9 Ex is now four years old and is currently certified in narcotics, tracking and police protection. In 2012, Officer Chubick and K-9 Ex received national narcotic certification through the National Police Canine Association. K-9 Ex is a great resource to the Cameron Police Department as he is able to assist Officers in narcotics searches, suspect apprehension and building searches as well as various other tasks.

In January of 2012, the Cameron Police received a report of shots fired inside of an apartment in the 900 block of North Cedar Street. The caller advised three individuals had been shot at and the suspect's location was unknown. Upon Officers arrival, the suspect was observed running from the back door of an apartment. The suspect continued to run, not complying with Officers requests to stop. K-9 Ex was used to apprehend the suspect without incident.

The Cameron Police Department K-9 team is often requested by other agencies to assist with various situations. In 2012, K-9 Ex's services were requested on 77 incidents by Cameron Officers as well as the Missouri State Highway Patrol, Clinton County Sheriff's Department, Caldwell County Sheriff's Department, DeKalb County Sheriff's Department and the Missouri Department of Corrections as well as various schools in the area. K-9 Ex and Officer Chubick have also been asked to give demonstrations at various community functions as well.

K9 Incidents

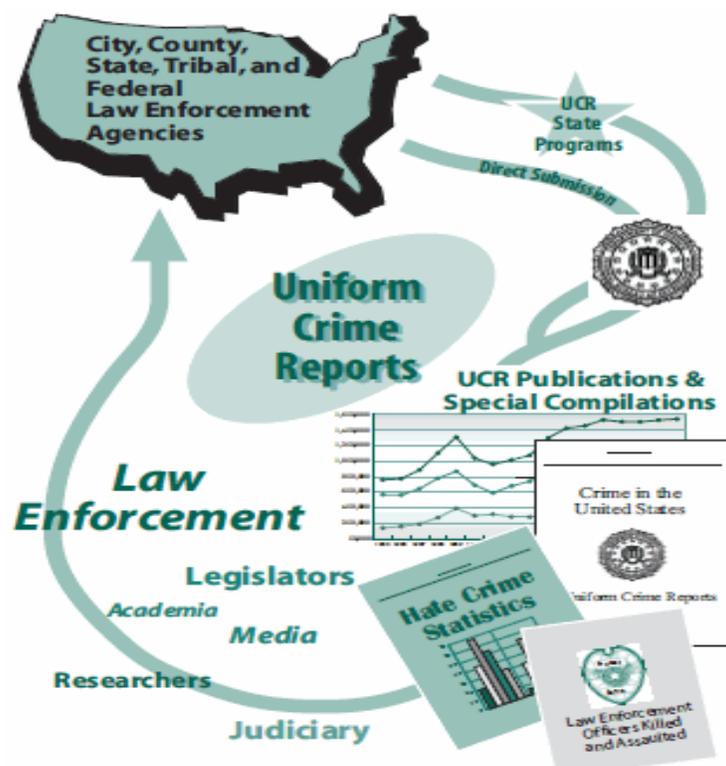

Uniform Crime Reporting

Uniform crime reporting is a collective effort on the part of city, county, state, tribal, and federal law enforcement agencies to present a nationwide view of crime. Agencies throughout the country participating in the Uniform Crime Reporting (UCR) Program provide summarized reports on eight Part I offenses known to law enforcement and reports on persons arrested. They also provide information about law enforcement officers killed and assaulted and on hate crime. For the most part, agencies submit crime reports monthly to a centralized crime records facility within their state. The state UCR Program then forwards the data, using uniform offense definitions, to the FBI's national UCR Program. Agencies in states that do not have a state Program submit their statistics directly to the national Program. The FBI compiles, publishes, and distributes the data to participating agencies, state UCR Programs, and others interested in the Nation's crime data.

The UCR Program has expanded in scope, importance, and size since its inception over seven decades ago. The Program began with law enforcement agencies in 400 cities from 43 states submitting crime data in January 1930 and now encompasses approximately 17,000 law enforcement agencies nationwide that voluntarily contribute their crime statistics. Without the support of these city, county, state, tribal, and federal agencies, the Program could not fulfill its mission to generate a reliable set of crime statistics for use in law enforcement administration, operation, and management. The completeness and accuracy of each agency's crime reporting is crucial to a wide variety of data users so that they can understand crime, formulate policies, make strategic and operational decisions, and conduct criminological research and analysis.

Uniform Crime Report Part I Crimes

CRIME	2008	2009	2010	2011	2012
Homicide	0	0	2	0	0
Rape	0	1	2	3	-2*
Robbery	1	2	1	1	1
Assault **Part I + Simple Assaults	136	180	154	173	**203
Burglary	31	47	45	38	49
Vehicle Theft	3	6	5	7	6
Stealing	132	173	169	172	161
Motor Vehicle Theft	3	6	5	7	6

*Follow up investigation determined that 2 rapes reported in 2006 were 'unfounded', meaning no rape occurred.

**For UCR, only aggravated assaults are considered as Part I crimes. However, simple assaults (defined as not resulting in *serious* physical injury) are included in this report to give a more complete look at the number of assaults. The actual break-down in 2012 was 30 Aggravated Assaults and 173 Simple Assaults.

2012 UCR Part I Crime Clearance Rates

CRIMES	2012 Counts	2012 Clearances	% Cleared
Homicide	0	0	n/a
Rape	0	0	n/a
Robbery	1	0	0.0%
Assault	203	66	31.7%
Burglary	49	7	14.3%
Stealing	161	32	19.9%
Motor Vehicle Theft	6	0	0.0%

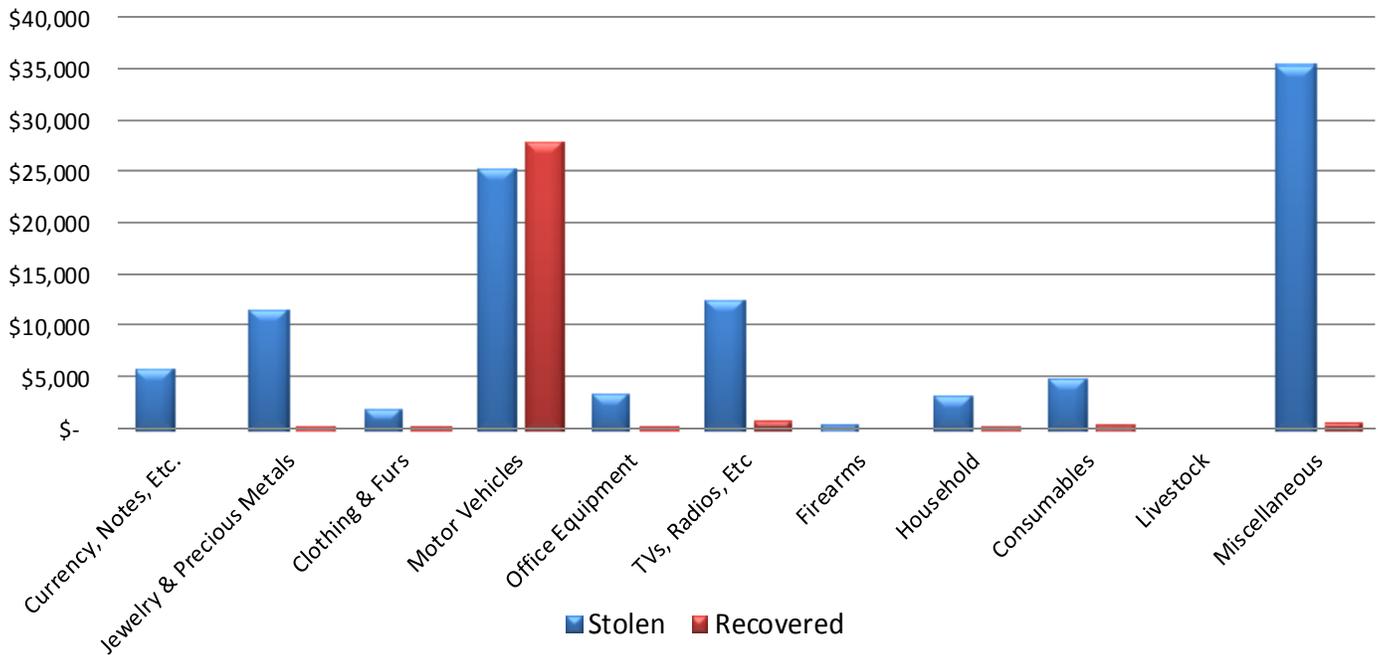

Part I offenses can be cleared either by arrest or exceptional means. An offense is cleared by arrest, or *solved* for crime reporting purposes, when (1) at least one person is arrested, (2) charged with the commission of the offense, and (3) turned over to the court for prosecution (whether following arrest, court summons, or police notice).

UCR Property Supplement

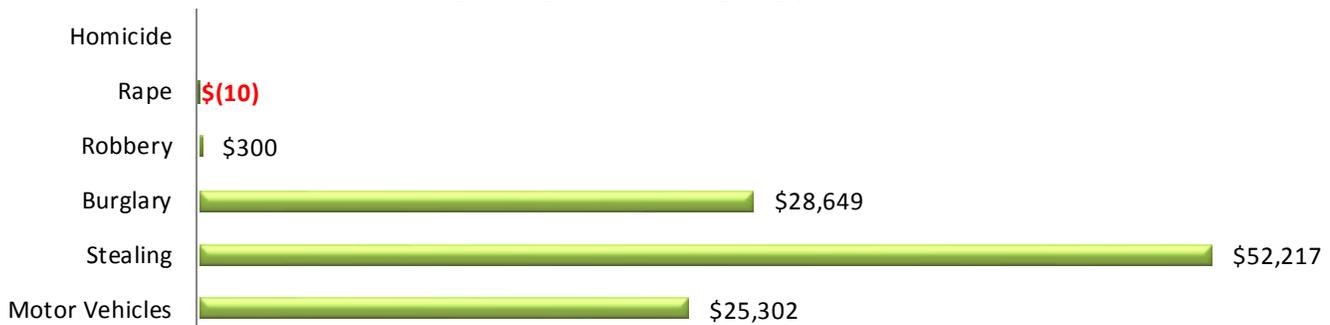

The Property Supplement Report to UCR is an evaluation of the types and value of property stolen and recovered. This report also looks at the property stolen as associated to the various Part I Offenses.

Property Type	\$ Stolen	\$ Recovered	% Recovered	Property Type	\$ Stolen	\$ Recovered	% Recovered
Currency, Notes, Etc	\$6,028	\$41	0.6%	Firearms	\$600	\$0	0.0%
Jewelry & Precious Metals	\$11,860	\$422	3.6%	Household Goods	\$3,305	\$260	7.9%
Clothing & Furs	\$2,103	\$305	14.5%	Consumables	\$5,002	\$453	9.1%
Motor Vehicles	\$25,500	\$28,100	110.2%	Livestock	\$0	\$0	n/a
Office Equipment	\$3,550	\$300	8.5%	Miscellaneous*	\$35,715	\$684	1.9%
TVs, Radios, Etc	\$12,795	\$826	6.5%				

*Miscellaneous property encompasses all types of property not included in the other categories.
