****CURRENT UPDATE****

To: The Residents of the City of Cameron

Here is the most current update that I have for you. The first thing of the most immediate nature is that the governor has announced that all municipal elections have been postponed until June 2nd. The staff is now analyzing what the implications of this will be and I will get further information to you.

We are aware that some restaurants and businesses are taking precautions to limit inside seating. However, Clinton County Health Department has not directed that any bars or restaurants close as of now.

Residents are still encouraged to limit their risk of exposure to potential transmission of the Coronavirus.

We also want to remind you that beginning tomorrow morning March 19th City Hall lobby will be closed but the drive-thru window will be open for business.

Sincerely,

A handwritten signature in black ink that reads "Darlene Breckenridge". The signature is written in a cursive style.

Darlene Breckenridge
Mayor
